

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of : Jerzy Muszynski  
For : STATOR WINDING FOR ELECTRIC MOTOR  
Our Docket : CMC-12492-2

**PRELIMINARY AMENDMENT**

Asst. Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Please amend the above referenced patent application as follows:

**IN THE SPECIFICATION:**

Please replace the paragraph beginning at page 1, line 2, with the following rewritten paragraph:

--This application is a divisional of prior United States Application Serial No. 09/483,985, filed January 18, 2000. The present invention relates to the art of stator windings for electric motors and more particularly to a stator winding for mounting on an outlying stator core. The invention further relates to a method of assembling a stator winding to an outlying stator core of an electric motor.--

**IN THE CLAIMS:**

Please cancel claims 1-16 and 23-29.

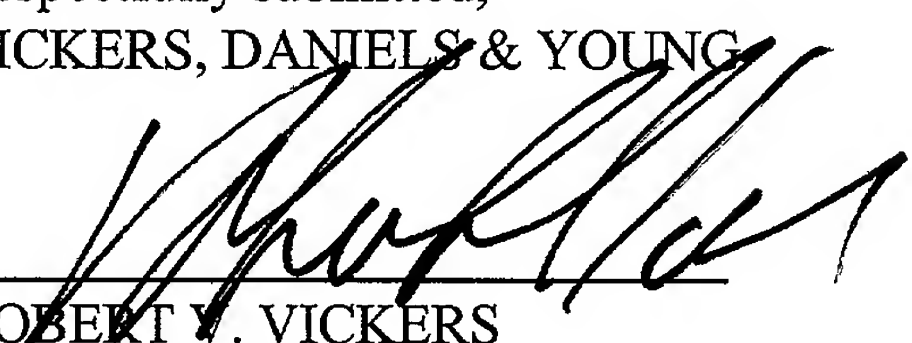

"Express Mail" mailing label number EF2129516313US

## REMARKS

The specification of the above referenced patent application has been amended on page 1 in order to claim priority of prior United States Application Serial No. 09/483,985, filed January 18, 2000. In addition, claims 1-16 and 23-29 have been canceled. Claims 17-22 remain in this application. Entrance of the amendments and examination of this application is respectfully requested.

Attached hereto is a marked-up version of the changes made to the specification and claims by the current amendment. The attached page is captioned "**VERSION WITH MARKINGS TO SHOW CHANGES MADE.**"

Respectfully submitted,  
VICKERS, DANIELS & YOUNG
